PROFESSIONAL SUMMARY

BCA graduate (Loyola College, 2026) and Software Engineer with hands-on experience designing, building, and deploying full-stack web applications using React.js, JavaScript, and Python. Developed Resumind, an AI-powered resume analyzer and job matcher deployed on Vercel, and completed a frontend internship at Coderz Vision Technology where I delivered production-ready features. Certified in Java programming (NPTEL Elite + Silver, 2025). Adept at REST API integration, component-based architecture, responsive UI design, and agile workflows — eager to contribute to a collaborative engineering team.

EXPERIENCE

Frontend Developer Intern | Coderz Vision Technology, Chennai

Dec 2025 – Jan 2026

- Built and deployed a responsive intern showcase website in React.js on Vercel, serving as the company's live team portfolio.
- Implemented reusable UI components and REST API integrations, improving code maintainability and reducing duplication across modules.
- Collaborated in agile sprint reviews and code walkthroughs, consistently delivering assigned features on schedule.
- Ensured cross-browser compatibility and mobile responsiveness across all developed pages, improving overall user experience.

Software Developer (Self-Directed Projects) | Independent

2024 – Present

- Engineered 5+ React.js applications covering AI integration, e-commerce, and real-time data — all version-controlled on GitHub and deployed on Vercel.
- Integrated third-party APIs (Gemini AI, TMDB, OpenWeatherMap) with structured error handling and clean, user-focused interfaces.
- Maintained detailed README documentation and followed consistent Git branching practices across all personal repositories.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Python, Java, HTML5, CSS3

Frameworks & Libraries: React.js, Node.js (basic)

Tools & Platforms: Git, GitHub, Vercel, REST APIs, VS Code, npm, CI/CD Pipelines

Concepts: Component Architecture, State Management, API Integration, Responsive Design, OOP, Data Structures & Algorithms

Practices: Agile / Scrum, Unit Testing, Debugging, Continuous Integration & Deployment (CI/CD)

Soft Skills: Problem Solving, Project Management, Leadership, Team Collaboration, Communication

PROJECTS

Resumind [React.js, Gemini AI API, Vercel] — AI-powered resume analyzer that parses resumes, matches them against job descriptions, and delivers real-time skill-gap feedback and role-fit scores. [\[Live Demo\]](#)

React Intern Showcase Website [React.js, HTML5, CSS3, Vercel] — Team portfolio site built for Coderz Vision Technology interns with dynamic routing, reusable card components, and GitHub API integration.

Gemini Clone [React.js, Gemini API, CSS3] — Conversational AI chat interface replicating Google Gemini's UX with streamed real-time responses and multi-turn conversation support.

Movie Search & Favorites App [React.js, TMDB API] — Movie discovery app with live search, genre filtering, and favorites persistence using React hooks and the TMDB REST API.

Weather App [React.js, OpenWeatherMap API] — Location-based weather app displaying real-time conditions and 5-day forecasts with dynamic icons and geolocation support.

EDUCATION

Bachelor of Computer Applications (BCA) | Loyola College, Chennai | Affiliated to University of Madras

May 2026

CGPA: 8.26

CERTIFICATIONS

Programming in Java – Elite + Silver | NPTEL (IIT), 2025

Outreach Program Certificate | Loyola College, 2024
